SUPPLEMENT TO  
REPORT NO.

1. Already existing airfields in Fukien at Changting (116-20, 25-45)\*, Foochow\*\* and Amoy\*\*\* are being enlarged and improved with stone and concrete runways. Hangars, fuel supply points and signal installations have also been improved or added. The fields have been increased by one to two fifths of their present width. Several tens of thousands of men are being drafted to work on these projects, which appear to be near completion.
2. New airfields are being built at Namp'ing (116-08, 26-39), Shaowu (117-28, 27-21), Lungyen (117-02, 25-07) and Mahsiang (118-14, 24-40),\*\*\*\* The largest of these is to be at Mahsiang. Anti-aircraft installations have been installed on points of high ground surrounding these airfields.
